2007 Cover Photo Contest

AT ITS ESSENCE, a photographic image is a brief moment in life captured and preserved for eternity. The following pages are a celebration of these moments of and by members of our community. Some images are the work of professionals, others the masterwork of proud parents or an eager, passionate student. In all cases, the applicants in our annual photo contest sought the opportunity to enshrine that expressive face, fleeting moment in nature or abstract shape in a way no breadth or number of words can. In these images, they have preserved that sense of mystery and beauty of life, nature, and our achievements that inspires us all.
